Traveler Trailer
Two Seat Bicycle Trailer

User’s Manual

This manual contains safety, assembly, use and maintenance instructions. Read these instructions carefully before use and keep them for future reference. Your child’s safety may be affected if you do not follow these instructions. The Schwinn Bicycle Trailer must be assembled by an adult who has read and understands the instructions in this manual. Keep the packaging away from children and dispose all packaging before use.

Do not return to store. Call toll free 1-800-242-6110 for assistance and replacement parts.

Important! Keep instructions for future reference.
Thank You

For purchasing the Schwinn Bicycle Trailer. You will be sure to enjoy hours of pleasurable exercise and family time. If you have any questions or comments our customer service hours are:

8:00 AM - 5:00 PM Monday through Friday CST.
You may also reach us through the following:

Email: info@instep.net
Address: 4730 East Radio Tower Lane
Olney, IL 62450

Important!

Do not return the product to the store. Please contact customer service at 1-800-242-6110 for assistance and replacement parts.
Warranty

Pacific Cycle warrants this product to be free of defective materials and workmanship for 5 years from the date of original purchase.

THIS LIMITED WARRANTY IS THE ONLY WARRANTY APPLICABLE TO THIS PRODUCT, AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTY. ANY IMPLIED WARRANTIES, INCLUDING ANY WARRANTY OF MERCHANTABILITY AND WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE IS LIMITED IN DURATION TO THE DURATION OF THE EXPRESS WARRANTY. This limited warranty give you specific legal rights and you may also have other rights which may vary from state to state.

This warranty is extended only to the original consumer purchaser for non-commercial use and does not cover tires or tubes, grips, brake pads, or other wear parts, ordinary wear and tear, abuse, misuse, neglect, theft, or damage due to accident.

PACIFIC CYCLE IS NOT RESPONSIBLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES. THIS LIMITED WARRANTY DOES NOT COVER ANY PERSONAL INJURIES, DAMAGE TO, OR FAILURE OF THE PRODUCT OR ANY OTHER LOSSES DUE TO ACCIDENT, ABUSE, MISUSE, ALTERATION, NEGLECT, NORMAL WEAR AND TEAR, IMPROPER ASSEMBLY, IMPROPER FIT, IMPROPER MAINTENANCE OR USE OF UNAUTHORIZED REPLACEMENT PARTS NOT DESIGNED FOR THE PRODUCT.

To make a claim under warranty, notification of such defect must be given to Pacific Cycle, Inc. at the address stated on the previous page. You will be instructed on how the product or part needing replacement should be shipped postpaid to Pacific Cycle, Inc.

Safety

WARNING!

FAILURE TO FOLLOW THE SAFETY INSTRUCTIONS LISTED BELOW MAY RESULT IN SERIOUS INJURY OR DEATH. Always read and understand the information and warnings in this manual before using the Bicycle Trailer.

If you are unsure of any information in this manual or have a question regarding assembly or use please call customer service. Always keep this manual for reference and include it with resale of the Bicycle Trailer.

Assembly

• An adult who has read and understands the information and warnings in the manual shall assemble this product according to manufacturer’s instructions.

• Do not use the product if there are any missing or damaged parts. Do not return the product to the store. Please contact customer service at 1-800-242-6110 for assistance and replacement parts.

• Dispose of all plastic bags and wrapping material immediately.

• Check the assembly (i.e.: crossbar locked, screws tight) before using the product.

• Never allow children to assemble, fold, or disassemble the trailer.

Children

• Never have more than two children in the trailer at one time.

• Never use with children that cannot support their own head.

• This vehicle is intended for use with children at least 12 months old and weighing up to 40 lbs.
WARNING!

- The maximum weight capacity per child is 40 lbs. The total weight (children and cargo) in the trailer cannot exceed 87 lbs.
- Avoid serious injury from falling or sliding out. Always use the 5-Point Safety Harness.
- Never leave children unattended in or around the trailer.

Use

The manufacturer recommends the bicycle to be used with the trailer undergo a safety check with a qualified bicycle mechanic before attaching the trailer.

Before each use check:

- The trailer for damage. Do not use if damaged.
- The tire pressure. If necessary inflate the tires to within the range shown on the tire sidewall. Always use a foot or hand pump to inflate the tires.
- The fasteners are tight. Tighten if necessary.
- The safety flag and reflectors are in place. Do not use the trailer without the safety flag and reflector in place.
- Attach a rearview mirror on the bicycle to check on the (child/children) in the trailer.
- Ensure the brakes work properly! Braking distance is increased when pulling a trailer.
- When using the double trailer with one child, seat them in the center.
- The maximum weight that can be carried in the cabin pockets is 1 lbs. each. The maximum weight that can be carried in the rear storage area is 5 lbs.

During use be sure to:

- Always have the canopy in place.
- Always maintain a safe speed. The trailer is not intended for use at high speeds. Do not exceed 10 MPH.
- Avoid braking suddenly.
- Allow extra clearance for the trailer when near curbs, parked cars, and other obstacles.
- The trailer requires a wide turning radius. Do not turn sharply. Avoid quick, sharp changes in direction, as tip-over may occur.
- Use caution when turning on loose or uneven surfaces and when going downhill.
- Do not ride over curbs, bumps or holes.
- Do not use the trailer in hazardous weather or at night.
- Do not pull or push the trailer with a vehicle.
- Accessories not approved by the manufacturer shall not be used.

WARNING!

- The passenger must use proper safety equipment including certified bicycle helmets while riding in the trailer. Take proper steps (clothing, ventilation, hydration) to protect the child from exposure hazards such as wind chill and heat exhaustion. These hazards will have a greater impact on the less active passenger.
- Do not add a seat pad (mattress) thicker than 2.5” (63.5 mm).
- Parcels or accessories placed on the trailer may cause the trailer to become unstable. Do not place items on the trailer. Hazardous conditions may exist if package carrying accessories are added to the product.

Storage

- Use caution to avoid pinch points when folding or unfolding the Trailer.

WARNING!

- Do not use cleaning solvents; clean only with mild soap and water.
Parts and Features

- Safety Flag with pole
- Rain Cover (rolls up and fastens in elastic bands)
- Back sunshade (rolls up and fastens in elastic bands)
- Canopy top (removable)
- Back panel
- Bicycle coupler
- Front panel
- Safety strap
- Tow bar
- Double seat with 5-point safety harness
- Rear Wheels (2)
Assembly

Unfold the Canopy Frame

**WARNING!**

There are pinch points between the sidewalls and the frame of the trailer that may cause injury. Fold or unfold the trailer slowly using caution. Keep children clear when folding or unfolding the trailer.

Ensure that all locking devices are engaged before use.

1. Expand the frame out by pulling on the side frame rails until the pins insert into the frame rail holes.

2. Lift the right side wall upward.

3. Unfold the upper half into the vertical position.
4. Lift the left side wall and unfold the upper half into the vertical position.

5. Snap the crossbar down into the joiner housing.

6. Pull up and down on the crossbar to make sure it is locked in place.

Tip!
To prepare for the next step pull out the top canopy, front and back panels from underneath the frame assembly.
**Attach the Canopy**

1. Stretch the canopy over the trailer frame. The bug screen should face towards the front of the trailer.
2. Fasten the three snaps on the front, back and top of the canopy to the side walls (six snaps total).
3. Attach the hook and loop fasteners on the canopy to the strips on the front and back frame walls.
4. Pull the straps on the side walls to tighten the front and back panels around the frame.

**Note:** The rain cover and sunshade roll up and can be secured with the elastic bands.

**Insert the Safety Flag**

**Important!** The safety flag is an important safety feature that warns others a trailer is present and on the bicycle. Always have the safety flag on the trailer when in use.

1. Assemble the flag pole sections by sliding the top half of the pole into the opening of the bottom half of the pole.
2. Slide the flag pole into the pocket located on the right side of the trailer.
**Extend and Secure the Tow Bar**

1. Place the trailer on its side with the tow bar on top.

2. Remove the locking pin from the bracket.

3. Unfold the tow bar until it rests on the front part of the bracket.

4. Insert the locking pin through both the bracket and tow bar.

5. Slide the metal safety loop onto the locking pin. Check that it is securely in place.

**Attach the Rear Wheels**

![Warning Image]

**WARNING!**

Rear wheels that are not securely locked in place may fall off the trailer and cause serious injury or death. Always check the wheels are securely locked in place before use.

1. Insert the rear wheel axle into the rear wheel bracket hole. Interlock the gear on the wheel with the gear on the rear brake.

2. Push the wheel into the bracket until you hear the axle click into place.

3. Pull firmly on the wheel to ensure the locking mechanism is engaged. Repeat these steps on the opposite side.
The following section provides instructions for attaching the trailer to a bicycle with rear hub nuts or quick release.

Note: Remove the coupler plate and tab washer from the end of the tow bar before proceeding.

**WARNING!**

Use of the trailer without the safety strap attached to the bicycle may result in serious injury or death. Always attach the safety strap to the bicycle when using the trailer.

1. Using a wrench, remove the hub nut and washer from the bicycle’s back wheel.

2. Place the tab washer on the axle. Fit the tab into the slot on the bicycle frame dropout.

3. Place the coupler plate on the axle, in a vertical position and the large hole down. Align the pegs on the back of the plate with the holes in the tab washer.

4. Place the hub nut and washer back on the axle and tighten.

Note: If your bike frame doesn’t have a slot in the drop out, rotate the tab to fit in the axle slot.
5. Insert the tow bar into the large hole on the coupler plate.

   Note: view is looking down on the tow bar

6. Insert the locking pin through the coupler plate and tow bar.

   Note: view is looking down on the tow bar

7. Slide the metal safety loop onto the end of the locking pin. Check that it is securely in place.

   Note: view is looking down on the tow bar

8. Wrap the tow bar safety strap around the bicycle frame and clip it to the ring on the end of the tow bar.

   Note: view is looking down on the tow bar
Attaching to a Bicycle with Quick Release Axles

1. Flip the quick release lever and remove the nut and spring from the opposite side.

2. Remove the axle skewer and spring. Leave the wheel in place.

3. Slide the axle skewer through the coupler plate and tab washer.
   - The hook on the tab washer must face towards the wheel hub.
   - The \textit{bell} on the coupler plate should face out.
   - The wide end of the spring must face out, touching the lever.

4. Insert the axle skewer, tab washer, coupler plate and spring through the wheel, with the parts oriented as described in step 3.
   - Fit the tab on the tab washer into the slot on the bicycle frame dropout. \textit{Note}: If your bike frame doesn’t have a slot in the drop out, rotate the tab to fit in the axle slot.

5. Place the spring and nut (removed in step 1) on the axle skewer and tighten.

6. Rotate the quick release lever up and close fully and tightly.

7. Follow steps 5 - 8 on Page 11.
Using the 5-Point Safety Harness

Using the 5-Point Safety Harness with Two Children

1. Unbuckle the shoulder straps from the center lap buckle.
2. Seat the child in the center of the passenger compartment.
3. Place the lap belt buckle between the child’s legs.
4. Place the shoulder straps over the child’s shoulders with the waist belt under the child’s arms. See Adjusting the Shoulder Strap Height below for more detail.
5. Clip the shoulder straps into the lap belt buckle, and adjust the shoulder straps.

Adjusting the Shoulder Strap Height

There are three slots on the back of the seat. These slots are used to adjust the proper height of the shoulder straps to your child’s height. To adjust the shoulder strap height:

1. Starting from the back of the seat, pull the shoulder strap anchor away from the seat.
2. Insert the anchor through the slit in the seat, pushing it towards the front.
3. Insert the anchor through the slit in the front of the seat at the desired height.
4. Pull the strap and anchor all the way through to the back. Make sure the strap is properly anchored on the seat back. Repeat these steps for the opposite strap.

WARNING!

Avoid serious injury from falling or sliding out. Always properly secure the passenger with the 5-Point Safety Harness.

It may be dangerous to leave your child unattended. Never leave your child unattended in or near the bicycle trailer.

Important! Adjust the shoulder straps and lap buckle so they meet at the child’s stomach.
Converting the Safety Harness for One Child

1. Start with the straps in the two-child position. Unfasten the shoulder straps from the center lap buckle on both sets of safety harnesses.

2. Snap the left shoulder strap from the right set of safety harnesses into the center lap buckle. Then, snap the right shoulder strap from the left set of safety harness into the center buckle.

   Note: By doing this you will be flipping the buckle prong on each strap, which will twist the shoulder straps.

3. To untwist the straps, locate the shoulder strap anchors on the seat back. Pull the anchor away from the seat.

4. Insert the anchor through the slit in the seat back, pushing it towards the front.

5. Untwist the strap and re-insert the safety strap anchor through the slit to the back of the seat. Repeat steps 3-5 for the opposite side.

6. The safety straps are now in the one child position as shown below.

   Important! When not in use, fold the lip of the lap buckle pad over the buckle opening and secure with the Velcro™ tabs.
Using the 5-Point Safety Harness with One Child

WARNING!

Avoid serious injury from falling or sliding out. Always properly secure the passenger with the 5-Point Safety Harness.

It may be dangerous to leave your child unattended. Never leave your child unattended in or near the bicycle trailer.

1. Unbuckle the shoulder straps from the center lap buckle.

2. Seat the child in the center of the passenger compartment.

3. Place the lap belt between the child’s legs.

4. Place the shoulder straps over the child’s shoulders with the waist belt under the child’s arms.

5. Clip the shoulder straps into the lap belt buckle.

6. Adjust the shoulder straps. See Adjusting the Shoulder Strap Height.

Important! Adjust the shoulder straps and lap buckle so they meet at the child’s stomach.
Disassembly and Storage

Removing the Trailer

1. Remove the child from the passenger compartment.

2. Un-clip the tow bar safety strap, un-loop it from the bicycle and clip it back on the ring on the end of the tow bar.

3. Unsnap the safety loop and remove the locking pin from the tow bar coupler plate and tow bar.

4. Remove the tow bar from the tow bar coupler plate.

5. Re-insert the locking pin into the holes on the end of the tow bar. Snap the safety loop onto the locking pin.

6. If desired, leave the coupler plate on the bicycle for future use. It is not necessary to remove when storing.
Storing the Trailer

⚠️ WARNING!

There are pinch points between the sidewalls and the frame of the trailer that may cause injury. Always fold or unfold the trailer slowly and with caution. Keep children clear when folding or unfolding the trailer.

1. Remove the flag and pole. Separate the flag pole sections.

2. Remove the rear wheels:
   a. Pull the wheel release lever straight out and hold.
   b. Remove the wheel.
   c. Release the lever.

3. Remove the locking pin from the tow bar bracket (located at the front corner of the trailer).

4. Fold the tow bar underneath the trailer.

5. Place the locking pin back through the tow bar and bracket.

6. Press the crossbar release button, and rotate the crossbar down into the trailer interior.

7. Carefully fold the trailer walls down.

8. Place all loose items inside the passenger compartment.

9. Store in a dry place.

Important! If the storage area is hot then release some air from the tires. This will help prevent excessive expansion or popping.
Maintenance

• **To clean the trailer:** use only mild soap and water. Do not use cleaning solvents.

• **Routinely check** that all fasteners and equipment (wheels, reflectors, flag, etc) are tight and properly assembled.

• **Check the tire pressure often.** The recommended tire pressure range is printed on the tire. Only use a foot or hand pump to inflate.

• **Have a qualified bicycle mechanic** perform routine safety checks on your bicycle before using with the trailer.

• **Routine bicycle maintenance** is recommended to be performed every year.

Accessories

The following accessories can be ordered from www.schwinnbike.com

• Additional Coupler Kits (includes; coupler plate, tab washer and locking pin)
